IEG	5
PPBS	2
PSG	4
TSG	10

2. In order to take full advantage of this opportunity, it is  
requested that each Group and Staff prepare a set of questions which  
the group considers important to the planning for its mission, func-  
tions and tasks in the exploitation of a Near-Real-Time System. Since  
this type of system is not well defined for the exploitation phase,  
imaginative questions are not only expected but are invited.

3. The lists of questions should be submitted to [REDACTED]  
RSB/RED/TSG, by COB 9 September. The questions will then be submitted  
as-is to the Office of the Director, where they will be screened
